## Choose Custom Formulated Detergents and Sanitizers from ChemStation

To meet the specialized needs of the water bottling industry, ChemStation manufactures water-based, biodegradable sanitation and process chemicals which:

- ◆ Are blends of synthetic detergents, emulsifiers and wetting agents
- ◆ Span the foaming spectrum from no-foam to high-foam
- ◆ Are safe for use on aluminum and other soft metal surfaces and on polycarbonate plastics
- ◆ Work effectively in hard or soft water and require no special softeners or additives
- ◆ Will not dull, waterspot or streak stainless steel, tile or painted surfaces.
